ABOUT US

MAKING IN INDIA SINCE 2002

Established in India at the turn of the century to serve the medical industry as a backbone for all its infection prevention requirements, we have now grown into a multinational business with an extensive portfolio of protective solutions. The teams of experts at our advanced R&D centre go above and beyond to identify the pain points of our customers and develop products that add value.

Our globally trusted products are manufactured in our state-of-the-art facility equipped with a 100k clean room to ensure the highest protection for our customers' customers. We have put in place stringent quality control mechanisms at our in-house testing lab to address the demanding challenges in the surgical room.

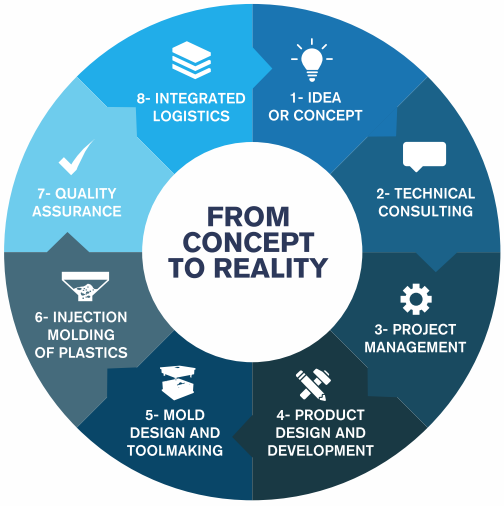

COMPLIANCE TO GLOBAL STANDARDS INSPIRES TRUST AND ENGENDERS RELIABILITY

- Full proof of sterile packaging and contents
- In-house fully validated EO sterilization conforming to ISO 11135
- Our quality process comply with EN ISO 13485:2012
- We rigorously implement EN 13795, AAMI PB 70 and ASTM 1671 standards
- To assure traceability and logistics control we implement EAN bar coding
- Each product carries CE label in accordance with European Medical Directives 93/42/EEC, amended by 2007/47/EC
- Each product comes with sterility maintenance dust covers for extended protection and enhanced shelf life
- We use fully validated peel open packaging process conforming to ISO 11607
