SURGEINE HEALTHCARE

CUSTOMIZED PROCEDURE PACKS

ABOUT US

SURGEINE HEALTHCARE

Making In India Since 2002

More than two decades of experience has enabled us to understand the evolving requirements of infection control in surgical procedures and produce problem-solving products, Established in India at the turn of the century to serve the medical industry as a backbone for all its infection prevention requirements, we have now grown into a multinational business with an extensive portfolio of protective solutions. The teams of experts at our advanced R&D centre go above and beyond to identify the pain points of our customers and develop products that add value.

Our globally trusted products are manufactured in our state-of-the-art facilities equipped with a 100K & 10K clean rooms conforming to ISO 14644 to ensure the highest protection for our product users. We have put in place stringent quality control mechanisms at our in-house testing lab to address the demanding challenges in the surgical room.

Compliance to global standards inspires trust and engenders reliability

- *Each product carries CE label in accordance with European Medical Directive 93/42/EEC, amended by 2007/47/E*
- *In-house fully validated EO sterilization facilities conforming to ISO 11135*
- *Our quality management system comply with EN ISO 13485:2016*
- *We rigorously implemented EN 13795, AAMI PB 70 and BIS standard on each product we made.*
- *To assure traceability and logistics control, we implement EAN bar coding*
- *Packed in fully validated peel open packaging process conforming to ISO 11607*
- *Each product comes with sterility maintenance dust covers for extended protection and enhanced shelf life*
- *Recognised by Government of India as One Star Export House*

Our Raw Material Partner

AHLSTROM

Designed to maximise patient care and protect theatre staff

- Specialists in surgical disposable OR wear, we offer the widest range of non-woven single use customised procedure packs, surgical drapes, gowns, infection prevention products and plastic hollowware.
- End to end manufacturing facilities and a team of quality engineers dedicated to turning out high quality, high protection and comfortable OR wear gives us an edge in this segment. What you get when you use our products is extreme protection and superior comfort.
- Our range of fabrics includes SMMMS, Spunlace, composite non-wovens, breathable viral barrier fabric and specialised PE films.

CUSTOMIZED PROCEDURE PACKS

Whether you're an OR director, materials manager or GPO administrator, Surgeine Procedure Packs places the information you need about your surgical packs right at your hands. We know that many hospitals use a mix of both standard and custom packs, and Surgeine can help you manage both. For standard packs, you can view photographs of our packs and components and run standardization reports. For our customized packs, you can view, analyze, manage more easily and quickly.

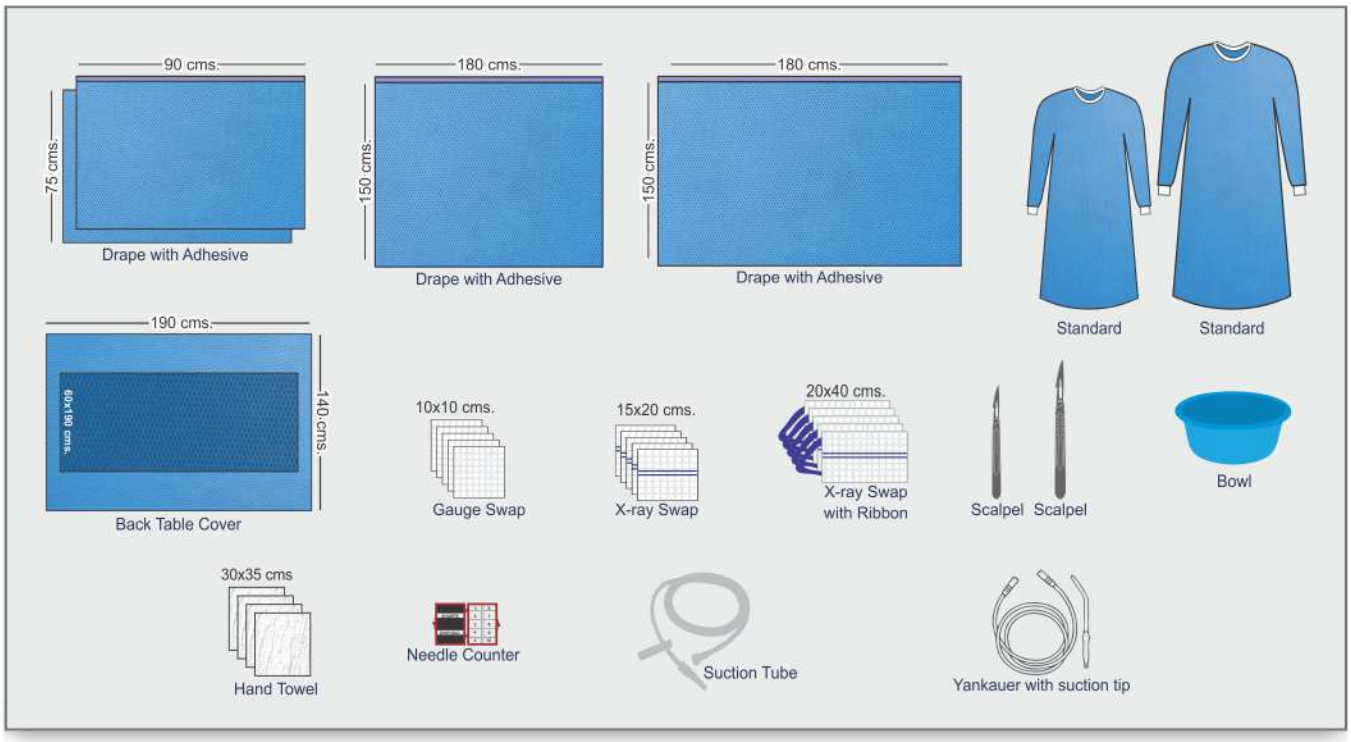

All Surgeine packs have been redesigned to be more readable, intuitive, and provide more information at the time of procedure: eliminating wasted time, confusion, and uncertainty. Safety and convenience in a simple solution, just another reason why Surgeine procedure packs are right for you

Surgeine understands the financial challenges facing hospitals, and we believe that we provide a unique way to control costs. We do this without requiring you to compromise on quality or service or sacrificing the integrity of your pack program.
