Surgical Gowns

LYRA — Perfect combination of Safety and Comfort.

Lyra Gowns are made from high-performance soft SMMMS fabric designed to be an excellent combination of Safety and Comfort. Lyra is designed to provide same level of protection as treated SMS but with superior comfort. It is comfortable as traditional spunlace fabric but with higher protection and lower costs.

One of the most Drapeable fabric in its class. How the fabric conform to our body is the key element to comfort.

Very pleasant feel, its construction and composition make it very silky and smooth to the touch.

Its high Repellency protects against low surface tension liquids such as blood, body fluids and alcohol.

Virtually no lint, offers lower risk in propagating infection.

Best in class Tensile, tear and Burst strength.

Passes EN 13795 tests for standard Performance and high Performance with Reinforced and AAMI Level-3
