TRIMMER PLUS

PREP RAZOR

Modern disposable safety razor used to shave body hair prior to surgical procedures.

VARIANTS : STERILE AND NON-STERILE

TRIMMER ® PLUS GS-9024 P

- Stainless steel blade with platinum edge and TEFLON coating.
- Contoured handle allows a steady & firm grip for smooth & clean shaving, with no cuts/ irritation.
- Unique comb style facilitates non-clogging of blade due to hair or foam.
- Meets high standards of safety and hygiene.
- Innovative design allows easy detachment of the razor from the handle by applying pressure, ensuring proper disposal and preventing accidental reuse.
- Cost-effective, requiring only one razor for the entire procedure.
- Sterile, secure pack in soft blister.
- Also available in Non-Sterile version.
